

THE MONTESSORI
CHILDREN'S GARDEN

Parents Welcome Letter Academic Year 2022/ 2023

The Montessori Children's Garden nursery is in the top 5 rated nurseries in Abu Dhabi and is a Khalifa funded project, with recommendation from Sheikh Mohamed bin Zayed Al Nahyan.

The Montessori Children's Garden, a Khalifa funded project has been operating an early year's program since 2016, using an authentic Montessori approach.

TMCG has been accredited and certified and holds a license to implement a Montessori Curriculum. It is an authentic Montessori Nursery and continues to support the community who are seeking Montessori excellence.

In recent months, the CEO has been granted the affiliation with Association Montessori Internationale AMI which is the original organization set up by Dr. Maria Montessori in the Netherlands.

The UAE Montessori Association will be working to achieve the objectives of AMI by carrying out the ideas and principles of Dr. Montessori and will continue to show the advantages that Montessori has to offer for the full development of our children throughout the UAE.

Our Association will hopefully bring many events, services and training support to the communities of the Emirates.

Our outstanding facilities and Nursery furniture are all branded and shipped all the way from Italy and Netherlands (Gonzagarredi & Nienhuis) and Montessori trained teachers will give parents the confidence to entrust The Montessori Children's Garden, Abu Dhabi with their children's safety and formative education.

Our curriculum will be based on the globally renowned Montessori Early Years Framework, furthermore, we will place emphasis on a broad and balanced curriculum, involving outdoor play and exercise, music, caring for the environment and learning about healthy living, as well as a strong focus on etiquette and manners.

Sincerely,

M. Al Qubaisi,
CEO/ General Manager
The Montessori Children's Garden
